Well, friends, 2016 looks like being an exciting and busy year! The leagues are in full flow, affording plenty of opportunity for friendship evangelism and proclaiming the gospel to hundreds on a weekly basis. And as I write, I am in the middle of packing for a trip to Myanmar to visit the Wyresdale Children's Home! Of course, footballs, netballs and a donated youth football kit are first in the case! This is the first of 8 overseas trips this year, the last one being a return to Malawi with Starfish Malawi doing schools work and sports tournaments. Then there are 10 soccer and netball schools already booked in, football and netball tournaments, and much, much more!

Exciting times! But we are also very aware that we are in the front line of a battle, a spiritual battle. And we need you more than ever to commit to praying for the work, and the workers. Pray for us as directors, staff and trustees, that we would have wisdom in the leading of the ministry, and for our families as we are very often away from home; pray for our many volunteers: for team managers, umpires and referees; soccer and netball school hosts and coaches; for those who go on tour with us; and pray for the finance to come in. In fact, please pray for all who are involved in any way! Pray that in all that we do, God would be glorified, and that we would all share the gospel faithfully and tirelessly, so that all men everywhere might be saved.

Thank you. We seek God to do great things in 2016. To Him alone be the glory.
